Joseph R. Rajewski

Full Stack Web Developer · Drupal Specialist · WordPress + Laravel Expert

Littleton, CO · (303) 842-6041 · joe.rajewski@gmail.com · josephrajewski.dev · linkedin.com/in/josephrajewski · drupal.org/u/jrajewski1073

Professional Summary

Full Stack Web Developer with 15+ years of experience delivering high-quality, user-centered solutions across Drupal, WordPress, Laravel, and custom PHP applications. Proven leader with experience managing development teams and coordinating multi-site architecture, including overseeing the successful rebuild and deployment of nine multi-environment WordPress sites. Known for clear communication, thoughtful problem solving, and a client-first approach. Equally comfortable leading full project lifecycles or collaborating cross-functionally with design, content, and stakeholder teams. Brings strong attention to detail, adaptability across platforms, and a commitment to building performant, maintainable code.

Technical Skills

- **CMS**: Drupal 7/9/10/11, WordPress, GiveWP, Ninja Forms
